Prescott, A. T., Jan. 23, 1889. }

Council met pursuant to adjournment at 1 o'clock p. m.

Mr. President in the chair.

Roll call.

All present.

Prayer by the Chaplain.

The minutes of the session held Jan. 22, 1889, were read and approved.

On motion, the Clerk was directed to notify the House that the Council had perfected a permanent organization.

The following message was received from the House :

Mr. President :—I am directed by the House to inform the Council that the House has perfected a permanent organization by electing John Y. T. Smith, of Maricopa county, as Speaker; and J. W. Wentworth, of Yavapai county, as Chief Clerk, and ready for business.

J. W. WENTWORTH,
Chief Clerk.

The following concurrent resolution was adopted :
Council concurrent resolution No 1.

Resolved, By the Council, the House concurring, that a committee of two on the part of the Council and a similar number on the part of the House, be appointed to wait upon His Excellency the Governor of the Territory and inform him that both houses of the Fifteenth Legislative Assembly have perfected a permanent organization and are ready for business.

Messrs. Sloan and Webb were appointed on said committee.

Committee on Credentials presented the following report, which was adopted and the committee discharged.

Mr. President :—Your Committee on Credentials has had the matter of J. W. Dorrington under consideration, Mr. Dorrington having left his certificate at home; but your committee has the substance of his certificate as telegraphed by the Clerk of the Board of Supervisors of Yuma county before them, and from evidence at hand believe that Mr. Dorrington is entitled to a seat in the Council of the Fifteenth Legislative Assembly of Arizona Territory. Therefore we recommend his being seated as a member from Yuma county.

W. H. HARDY,
Chairman of Committee.

Mr. Dorrington was then duly sworn.

Committee on Rules presented the following report :

Mr. President :—Your Committee on Rules has had the matter of rules under consideration, and would recommend the adoption of the rules as adopted by the Fourteenth Legislative Council, with the following amendments :

Rule X. Insert after the third line "Introduction of Bills."

Rule XXIII. Strike out of the sixth line the words "same or the," making it read *or succeeding day*

Rule XXV. Strike out of the second line *and report of committee.*

Rule XXVI. Strike out of the tenth line the words *two-thirds* and insert the word *majority*.

Rule XXVII. Strike out *the Committee on Roads and Ferries*, and arrange the call different.

Rule XXXIX. Change the hour of meeting to 1 o'clock p. m., instead of 10 a. m.

Rule XLI. Strike out the word *two-thirds* in the fourth line and insert the word *majority*.

W. H. HARDY,
Chairman of Committee.

The following message was received from the House :

Mr. President:—I am directed by the House to inform the Council that the House has passed Council concurrent resolution No. 1, and has appointed Messrs. Johnson and Chatham as such committee on the part of the House.

J. W. WENTWORTH,
Chief Clerk.

The committee appointed under Council concurrent resolution No. 1 made the following report, and, on motion, were discharged :

Mr. President:—Your committee appointed under Council concurrent resolution No. 1, to meet a similar committee upon the part of the House and wait upon the Governor and inform him that both houses of the Fifteenth Legislative Assembly had perfected their organization, beg leave to report that they have performed this duty, and were informed by His Excellency that he would communicate with both houses of the Assembly in writing.

R. E. SLOAN,
Chairman.

The following message was received from the Governor, and, on motion, was read :

GOVERNOR'S MESSAGE.

*Gentlemen of the Council and House of Representatives
of the Fifteenth Legislative Assembly of Arizona :*

The duty is imposed by law on the Governor to give you information by message of the condition of the Territory, and to recommend for your consideration such measures as he may deem expedient. In performing this duty I feel conscious that I address a legislative assembly which fully appreciate the responsibilities placed upon them, and whose desire is to faithfully, by wise enactments, render efficient service to the people. It will be my constant aim to co-operate with you in the passage of wise and wholesome laws,

and aid in all legislation which is devoted to the promotion of the general welfare of Arizona.

OFFICIAL REPORTS.

Herewith are submitted the reports of the various Territorial offices, to which your attention is directed. The finances of the Territory are upon a solid and substantial basis; the securities of both counties and Territory are in favor of investors.

The public schools are in a high state of efficiency. The record shows that the cost per capita of maintenance of the prisoners at the Territorial Prison is less than ever before in the history of that institution. The administration of the Insane Asylum, under the direction of the present Board of Commissioners and Dr. I. S. Titus, the Medical Superintendent, is most efficient and praiseworthy, the expenses of maintaining the institution being \$4,754 42 less than last year.

I desire to especially direct your attention to the necessary repairs of the Insane Asylum building, the importance of a good system of sewerage and more perfect method of lighting, greater precaution against fire, and the fencing of the grounds as recommended by the Board, and for which a suitable appropriation should be made.

The present Commissioner of Immigration was appointed and qualified on the 12th day of October last, and has displayed a most commendable zeal in advertising the varied resources of Arizona. He is now engaged upon his third pamphlet, which will be issued some time next month. Arrangements have been made with the leading trunk lines to distribute literature relative to the Territory, and the correspondence of this office is increasing all the time. There seems to be a great interest manifested in Arizona, and there is no doubt but that the time is most opportune for calling the attention of home-seekers and capitalists to the great possibilities of future development existing

here. The tide of immigration is setting our way, and it seems reasonable to suppose that with proper efforts on the part of the Territory we can double our population in the next two years.

The Board of Regents of the University have managed their trust with praiseworthy fidelity to the public interest. The building designed for a School of Mines is far advanced, and reflects great credit upon the honesty, integrity and business care which has controlled its construction. It is a credit to the Territory, and a monument permanent and enduring to the regents, the contractor, the volunteer architect and superintendent of construction.

Captain Miltemore, of the U. S. Army, whose valuable services have been given to the Territory gratuitously, and to the Territorial School Superintendent, all of whom have devoted much time to the work, with most gratifying results.

SCHOOL LANDS.

In this connection your attention is called to the importance of taking some action that will make the university and school lands available to the Territory. In my annual report to the Secretary of the Interior (October, 1887.) upon this subject, I employed the following language: "By act of Congress there have been seventy-two sections of public lands within the Territory granted for the purposes of a university; also the sixteenth and thirty-sixth sections of every township for a school fund. The Territory is deprived of the use of these lands until it becomes a state. If the sixteenth and thirty-sixth sections in every township could be sold and the money arising from the same appropriated to defraying the school expenses of the Territory, it would prove a great benefit to the cause of education and greatly relieve our overburdened taxpayers. Arizona needs the benefits to accrue from these lands more now than when she becomes a state,

and should enjoy the privilege of their disposal the same as is granted the states. Not having any control over these lands, they are fast being denuded of timber; so that when we do enter statehood and control them, they may practically prove valueless. Again, many of these sections are being occupied by settlers who innocently and from want of information are wasting time, labor and money in clearing the land, erecting buildings, and making improvements which will in the future prove a total loss to them.

"I respectfully recommend that Congress be asked to give the Territory the same privileges as the states are now enjoying in this matter, and authorize the absolute transfer of these lands to the respective territories for the immediate benefit of the cause of public education."

I believe that the position that I assumed at that time was the correct one, and if the recommendation then made to Congress were adopted, it would enable us to realize the most benefit from these lands. The matter is laid before you in the hope that you will take such action as the circumstances seem to warrant.

MORTGAGE TAXATION.

Under the present law, mortgages are exempt from taxation. All property should bear its just proportion of the public burthens, and why the money-lender should be favored in this particular, I cannot understand. An equitable way should be, it seems to me, to assess the mortgage to its owner, and the property above the value of the mortgage incumbrance, to its owner. This would so equalize the assessment, that both the owner of the mortgage and the property will bear their just proportion of the tax.

COUNTY OFFICERS.

Under title 27, chapter 2, paragraphs 1983, 1984, 1985 and 1986, the several counties of the Territory

are classified into counties of the first, second and third class. Under title 13, chapter 2, paragraph 452, Revised Statutes of Arizona, the compensation of the members of the Boards of Supervisors is the same as fixed by section 25 of chapter 9, Compiled Laws, to-wit: five dollars per day for services while in actual attendance at the sittings of the Board upon the business of the county, and twenty cents per mile for each mile traveled in going to and returning from the place of meeting; provided, that the total per diem for each supervisor shall not exceed the sum of three hundred and fifty dollars for any one year. It will be observed, therefore, that the law now makes no distinction in the compensation of the supervisors in any of the counties. It can clearly be seen that the law regulating these salaries is not an equitable one; for counties of the first class, by reason of increased population and wealth, demand the attention of the Board of Supervisors more constantly than counties of the second or third class.

The Boards of Supervisors are the legislative body of their counties, and have under their immediate supervision the revenue system, the accounts of the several county officers, the alms-house, the public roads, public buildings, and sanitary condition of their respective counties, and consequently the labors of the supervisors are increased proportionately with the size and growth of the counties.

I would therefore recommend that a fixed quarterly salary be paid to the supervisors of the first class, commensurate with the duties and responsibilities of their offices, instead of per diem and mileage as at present allowed by law.

The same is true of, and the recommendations apply to, the offices of probate judges and county school superintendents in counties of the first class.

CONFLICTING LAWS.

By section 9 of chapter 397, Revised Laws of the

United States, page 636, volume 24, a particular form of marriage certificate is to be made and signed, and then filed and recorded in the office of the probate judge. Section 1st, page 638, same chapter and volume of United States Laws, enclows the wife or widow with a one-third interest in all the property of the husband. These statutes of the United States laws are in conflict with our Territorial laws, and I therefore recommend that sections 3 and 5, title 24, chapter 1, page 371, and also chapter 2, page 372, of our laws, be amended so as to conform to the acts of Congress, on the subject of marriage and the community property of husband and wife.

THE GEOLOGICAL SURVEY.

The last Congress appropriated \$100,000 for a commencement of a survey of the arid belt of the United States. It is to be a complete topographical, hydrographical and engineering survey of the entire arid portion of the Union, which, it is computed, will take ten years time and the expenditure of \$5,000,000 to complete. In November last a letter was received from Major J. W. Powell, the director of the survey, asking that a representative of the Territory meet the representatives of the states and territories interested, in consultation with him at Denver on the 11th of December last. Feeling the importance of this survey to Arizona, it being a matter that had been brought to the attention of Congress in all my annual reports, and the necessity of having Arizona represented at the proposed conference, at my suggestion the Commissioner of Immigration went to Denver as such representative. The result of this visit was that Captain Dutton, the chief engineer in the field, immediately upon the adjournment of the meeting, came at once to Arizona to take the initiatory steps for the prosecution of the survey in this Territory, and I have the assurance that the work will be inaugurated in the southern part of the Territory and extend northward, without delay,

thus giving us the first fruits of this most important measure. Under this survey accurate data will be gathered as to the precipitation and evaporation of water in all parts of the Territory, the amount of water that flows through our running streams at different times during the year, the amount of water that is lost during storm floods, the service of water in irrigating in different sections. It will also establish the proper basis for the storage of water, the points at which canals or irrigating ditches can be taken out to the greatest advantage, together with the cost of such works of public improvements, by competent and able engineers, with the area of desert land that each will reclaim. These lands are then reserved for entry only under the homestead laws of the United States.

When it is considered that one-third of the irrigable lands of India and Spain are made productive through the storage of water during the storm floods, and the great quantity of water that in this Territory is lost by the non-conservation of the surplus during times of freshet, and the natural basins that everywhere exist in our canyons for the construction of storage reservoirs, which this survey will demonstrate, it can readily be seen what an important factor the proposed work is in the future prosperity of Arizona. The clause by which the desert lands under the canals are set apart for homestead entry only, is to my mind restrictive and may possibly serve to retard the reclamation and settlement of these lands.

It is not proposed by the movement to do more than to show the area of land that can be reclaimed, and the cost of such reclamation. The serious part of the business—the building of the canals, the construction of the dams, reservoirs, etc.,—is left to private capital and enterprise. The question for us to consider is, can this work be accomplished by community capital? The cost now to bring water over land is from five to ten dollars per acre, in most localities the latter figure.

While it would be desirable to have every quarter section of land a home for the immigrant, yet, as a matter of fact, this is not so important as to have these lands reclaimed, made productive, and thus add to the tax roll of the Territory. The idea of reserving the public domain to the poor settler is attractive in theory, but impracticable as applied to the desert lands of Arizona. Fifty men look over a canal that will irrigate 8,000 acres, the construction of which will cost all the way from \$40,000 to \$80,000, and in the meantime they must live upon desert land, where they have to haul water, frequently for miles, and buy everything, even hay and grain for their stock if they attempt to keep any, for a year or two before the canal is completed, laterals dug, and water can be turned upon the land for cultivation. Under these conditions, the man of moderate means would be apt to think his fortune would be advanced by investing in some other locality. The true interest of Arizona will be best subserved by allowing the desert entries to be made as at present—640 acres of land as an incentive for the men able to do the work to undertake the reclamation of these lands,—and I hope that you, the representatives of the people, will protest against any abridgment or repeal of the desert land law.

STATEHOOD.

For more than a quarter of a century the people of Arizona have been deprived of all voice in the government which they help by their taxes to maintain. A territorial system of government of Great Britain, against which our fathers revolted, was never designed to be more than temporary. When a territory had sufficient population and taxable property to be able to stand independent of the parent government, it was the custom to admit it upon an equality with the original thirteen states. The time has now arrived when Arizona should be relieved from this state of tutelage and be endowed with the duties and responsibilities of

statehood. The rapid increase in wealth and population, the energy and patriotism of her people, are sure guarantees that she would wear the robes of state sovereignty with dignity and honor. A territorial government, depriving, as it does, the citizen of full participation in the government under which he lives, is repugnant to the enlightened sense of the American people, and there is no question but that our progress would be more rapid and our prosperity would be quickened if these disabilities were removed. I therefore recommend that at an early date you memorialize Congress to pass an enabling act whereby the people may elect delegates to a constitutional convention, preparatory to the admission of this Territory into the American sisterhood of states.

PARDONS, REWARDS AND REQUISITIONS.

Annexed hereto as a part of this message is submitted a list of pardons granted; also a list of the requisitions granted on application of other states and territories; those issued for fugitives from justice from the territory, and a statement of rewards offered for the arrest of criminals since last report to the Legislature.

RE-APPORTIONMENT.

In the Legislative Assembly every county should have a representation in accordance with its vote or citizenship. The present apportionment, made several years ago, operates unfairly to some of the counties that in the last few years have largely increased in wealth and population. Justice and fair play would seem to demand at your hands a re-apportionment, based upon the popular vote at the last general election.

REMEDIAL LEGISLATION.

Under existing law there is no equity of redemption on foreclosure or execution sales on real property. All

rights of the debtor pass from him without any chance or opportunity to redeem the same, upon the fall of the sheriff's hammer. The law is harsh and oftentimes works great hardship to the energetic class who are compelled to become borrowers. For the benefit of pioneer settlers who are building up the industrial resources of Arizona, remedial legislation in this respect is imperatively demanded.

I also deem it proper to call your attention to the imperfection of the lien law. Its scope should be extended so as to protect, as far as possible, all artisans and laborers

CONCLUSION.

Our homes are here, our interests are here, and with intelligent zeal, far removed from selfish ends, it should be, and I doubt not will be, the purpose of each and every person connected with this Legislative Assembly to secure, by the enactment of just and equitable laws, the continued prosperity of the people whom we are called upon to serve. For myself, my only ambition is to discharge the high and responsible duties imposed by my office with conscientious and jealous care for the people's interest; and you will find me at all times ready to do my part in securing that legislation which will bring the most wholesome and permanent benefits to Arizona.

C. MEYER ZULICK.

Executive Chamber, Prescott, A. T., }
January 21, 1889. }

On motion, the Governor's message was laid on the table for future consideration.

The following Council concurrent resolution No. 2 was read and adopted :

COUNCIL CHAMBER,
Fifteenth Legislative Assembly of Arizona, }
Prescott, A. T., Feb. 15, 1889.

Council met at 1 o'clock p. m., pursuant to adjournment.

Mr. President in the chair.

Roll call.

All present.

Prayer by the Chaplain.

The minutes of the session held Feb. 14, 1889, were read and approved.

The following message was received from the Governor :

EXECUTIVE DEPARTMENT, }
Office of the Governor, }
Phoenix, A. T., Feb. 15, 1889. }

To the Council:—House joint resolution No. 1, authorizing the employment by the Council and the House of three additional clerks for each body, has received my approval. It, however, was very reluctantly signed, owing to the fact that the United States Statutes prescribe the number of employees of your respective bodies, and this is a step in the direction which it has been the policy of my administration to avoid.

I have represented to the federal government that inadequate clerical force, now limited by the federal statute, exacted physical impossibilities of the Legislative Assembly, and have repeatedly requested an increase of such clerical force, but without avail.

Additional labors by recent action of the First Comptroller of the United States Treasury have again been imposed, and I am conscious that it is an utter impossibility for the Fifteenth Legislature to dispatch its public business without some additional clerical aid.

Believing the interests of good and economical government will be thereby best subserved, I have approved of this joint resolution.

C MEYER ZULICK,
Governor.

On motion, the communication from the Governor, and appointments of the additional clerks, was made a special order for February 18, 1889, at 1 o'clock p. m.

The following reports were made :

MR. PRESIDENT:—The Judiciary Committee, to whom was referred C. B. No. 13, beg leave to report that they have had the same under consideration, and

Executive Department, Territory of Arizona,
Prescott, A. T., Feb. 19, 1889. }

Hon. W. H. Hardy, Chairman of Committee on Ways and Means, Council Fifteenth Legislature, Phoenix, A. T.

DEAR SIR.—Herewith I have the honor to forward you a copy of the reply of the First Comptroller to a communication forwarded by me at your request under date of January 28, 1889.

I have the honor to remain, very respectfully yours,
JAS. A. BAYARD,
Sec. of Ter.

TREASURY DEPARTMENT,
First Comptroller's Office,
Washington, D. C., Feb. 9, 1889. }

Hon. J. A. Bayard, Territorial Secretary of Arizona Territory, Prescott, A. T.

SIR:—Your letter dated Jan. 28, 1889, inclosing a communication from Hon. W. H. Hardy, Chairman of Committee on Ways and Means, Fifteenth Legislative Council of Arizona, 1889, suggesting the printing of

the Revised Statutes, additional revision of a former publication, has been received. The proposition suggested by Mr. Hardy cannot be entertained. The late revision is of too recent a date to warrant the expenditure; the appropriation is too small, even if there were no other reasons.

Respectfully,

M. J. DURHAM,

First Comptroller..

Mr. President in the chair.

Roll call.

Absent—Mr. Cheyney.

Prayer by the Chaplain.

The minutes of the session held Feb. 19, 1889, were read and approved.

The President presented a memorial from the Phoenix Chamber of Commerce to the Legislative Assembly.

The memorial was read and, on motion, was ordered spread upon the minutes, as follows :

To the Council and House of Representatives of the Territory of Arizona:

GENTLEMEN:—Your memorialists, the Phoenix Chamber of Commerce, respectfully represent that the importance of advertising the resources of the Territory of Arizona cannot be overestimated. The Pacific States and Territories are expending large sums of money in calling attention to their respective localities, while Arizona, for the lack of proper efforts in this direction, is losing her rightful share of eastern immigration. It goes without saying that we have a country presenting more inducements to home-seekers than any on the continent; that the barriers to our progress are removed, and that we stand upon the threshold of unexampled prosperity, which can be greatly assisted by inviting to our midst men of capital, industry and intelligence, who will develop the various latent resources that nature has placed at our doors.

Your memorialists protest against the attempt to abolish the office of Commissioner of Immigration, and most respectfully urge that a liberal appropriation be made for the printing, publishing and distributing of pamphlets and other printed matter calculated to attract immigration to our Territory.

This being a matter directly affecting the welfare of every citizen and taxpayer in Arizona, we know of no way in which public money can be expended to better advantage.

C. W. STEARNS,

Secretary.

HENRY E. KEMP,

President

The following notices were received:

MR. PRESIDENT:—I hereby give notice that on tomorrow or soon thereafter I will introduce a bill to amend chapter 3, title 13, Revised Statutes of Arizona, making the County Treasurer the sole and exclusive tax collector for his county, and fixing his compensation therefor.

BURT DUNLAP.

MR. PRESIDENT:—I give notice that I will at an early day introduce a bill to settle the boundary line between the counties of Maricopa and Yavapai.

Absent---Mr. Cheyney.

On motion, the remonstrance from the Chamber of Commerce was read and ordered spread upon the minutes.

To the Council and House of Representatives of the
Legislative Assembly of the Territory of Arizona:

Your memorialists, the Phoenix Chamber of Commerce, respectfully represent that the opinion is current that a bill has been introduced, or will be introduced at the present session of the Legislature, having in view the taxation of mortgages, on real and personal property, in addition to the taxation on the property mortgaged. Such taxation must of necessity lay a large and unjust burden upon the tax-paying people of the Territory, one that they are in no condition to bear; will, in a measure, paralyze the business interest of

the country, and seriously affect the progress and development of the Territory, with no possibility of compensating results. We are at this time on the highway to success in the development of all the materials, sources of wealth we possess, and have succeeded in overcoming all the barriers that have heretofore presented themselves, are securing a confidence of the world which, if left unembarrassed, will secure for us in the near future the fullest measure of prosperity.

Such a measure as is proposed, while of doubtful constitutionality, will be pernicious in its influence and disastrous in its consequences to the whole country, and, we have no doubt, will meet the severest criticisms of the people.

The proposed measure inflicts double taxation upon a people already taxed beyond their capacity to pay, and sound Legislative action, as demanded to prevent the accumulated burden contemplated by the passage of the proposed measure, and in conjunction with our friends and neighbors, as well as in justice to the whole people of the Territory, we earnestly ask your honorable body to desist from the passage of the bill.

Secretary.

The following message was received from the Governor and read :

EXECUTIVE DEPARTMENT,
Office of the Governor,
Phoenix, A. T., March 6, 1889. }

To the Council:—

I return herewith without my approval Council Joint Resolution No. 3.

Under the operation of this joint resolution, two committees, consisting of two each on the part of the Council and three each on the part of the House, are appointed to visit the Territorial Prison at Yuma and the Territorial University at Tucson, and report as to the real condition, cost of maintenance, necessary repairs and sanitary condition, and recommend a suitable appropriation to be expended on either institution, said committees to file a bill of actual expenses, in detail, of all costs and expenses incurred in said investigation in excess of per diem and meals.

There are two special objections which present themselves to my mind to this resolution :

First. The standing Committee on Public Buildings and Grounds has full jurisdiction. It is composed of worthy and capable men ; they have both integrity and ability to deal with all the questions intended to be covered by this joint resolution. This committee has already made a full examination into the condition and affairs of the Territorial Insane Asylum and Normal School, without any expense to the Territory or loss of Legislative time. Why can it not do the same with

these two institutions? When and where did it lose its ability to do so? It has full power to examine books, papers, and parties in charge, and to make any other investigation that may appear proper for the interests of the Territory to be made. Full annual reports of these respective public institutions, from the officials, were submitted by me to the Legislative Assembly at the opening of the session, which elaborately and in detail deal with the needs and requirements of these institutions. That both have been honestly and efficiently managed in the people's interests, none will question or even intimate. Economy and the best of business judgment and prudence have marked the expenditure of the funds in the construction of the Territorial University, while the Territorial Prison expenditures show a large saving each year; and its management, all attest, is both honest and able. I therefore can see no good reason for the creation of these two special committees, which must result in needless expenditure of the people's money. The burdens of the taxpayers of Arizona are already great, and I am unwilling by any official act of mine unnecessarily to add to them.

Second. Should these two committees be appointed and enter upon the duties assigned them, the Council would be deprived of one-third of its entire membership, and the House one-fourth its membership, and that, too, in the closing days of the session. But thirteen working days of the Fifteenth Legislative Assembly remain; thus far but two bills have reached the executive desk, showing conclusively that the necessary and important legislation of the session is still pending, and the absence from the halls of legislation of so large a proportion of members at this important period could not but prove detrimental to the public interests, and should deprive the respective constituents which these members specially represent, of their valuable services.

For the reasons, then, that the standing Committee

on Public Buildings and Grounds possesses the full power intended to be delegated to these committees, that it is an unnecessary and extravagant waste of public monies, and that it would be detrimental to the legislative interests of this Territory to mark absent on its roll call at the closing hours of the session and pending important legislation, so large a proportion of its members, I deem it my duty to refuse Executive approval of Council Joint Resolution No. 3.

C MEYER ZULICK,
Governor.

On motion, the Council stood at recess for five minutes.

After recess.

Council resumed its session at 2:10 p. m.

Mr. President in the chair.

Mr. Hicks, a bill to amend certain sections of the Territorial School Laws.

Also a bill for compulsory education.

The following message was received from the Governor :

EXECUTIVE DEPARTMENT, }
Office of the Governor, }
Phoenix, A. T., Feb. 15, 1889. }

To the House of Representatives :

H. J. R. No. 1, authorizing the employment by the Council and House of Representatives, of three additional clerks for each body, has received my approval. It was, however, very reluctantly signed, owing to the fact that the United States Statutes prescribe the number of employees of your respective bodies, and this is a step in the direction which it has been the policy of my administration to avoid. I have represented to the Federal Government that the inadequate clerical force now limited by Federal Statute exacted physical impossibilities of the Legislative Assembly and have repeatedly requested an increase of such clerical force, but without avail. Additional labors by recent action of the First Comptroller of the United States Treasury have again been imposed and

I am conscious that it is an utter impossibility for the Fifteenth Legislature to dispatch its public business without some additional clerical aid; believing the interests of good and economical government will be thereby best subserved, I have approved this Joint Resolution.

C MEYER ZULICK, Governor.

Mr. Jones introduced H. B. No. 22, amending Sec. 776, Revised Statutes, covering instructions to jurors.

The following message was received from the Governor :

EXECUTIVE DEPARTMENT,
Office of the Governor,
Phoenix, A. T., March 6, 1889. }

To the House of Representatives—

I have returned without my approval G. J. R. No. 3. Under operation of this joint resolution, two committees, consisting of two each on the part of the Council and three each on the part of the House, are appointed to visit the Territorial Prison at Yuma and the Territorial University at Tucson, and report as to the real condition, cost of maintenance, necessary repairs, and sanitary condition, and recommend a suitable appropriation to be expended on either institution, etc., said committee to file a bill of actual expenses in detail of all costs and expenses incurred in said investigations in excess of per diem and meals.

There are two special objections which present themselves to my mind to this resolution :

First. The standing Committee on Public Buildings and Grounds has full jurisdiction. It is composed of worthy and capable men, who have both integrity and ability to deal with all the questions intended to be covered by this joint resolution. This committee has already made a full examination into the condition and affairs of the Territorial Insane Asylum and Normal School without any expense to the Territory or loss of legislative time. Why can it not do the same with these two institutions? When and where did it lose its ability to do so? It has full power to examine books, papers and parties in charge, and to make any other investigation that may appear proper for the interests of the Territory to be made. Full annual reports of these respective public institutions, from the officials, were submitted by me to the Legislative Assembly at the opening of the session, which elaborately and in detail deal with the needs and requirements of these institutions. That both have been honestly and efficiently managed in the people's interest, none will question or even intimate. Economy and the best of business judgment and prudence have marked the expenditures of the funds in the construction of the Territorial University, while the Territorial Prison expenditures show a large saving each year, and its management, all attest, is both honest and able. I therefore can see no good reason for the creation of these two special committees, which must result in needless expenditure of the people's money. The burdens of the taxpayers of Arizona are already great, and I am unwilling by any official act of mine unnecessarily to add to them.

Second. Should these two committees be appointed and enter upon the duties assigned to them, the Council would be deprived of one-third of its entire membership, and the House of one-fourth of its entire membership, and that in the closing days of the session.

But thirteen working days of the Fifteenth Legisla-

tive Assembly remain. Thus far but two bills have reached the Executive desk, showing conclusively that the necessary and important legislation of the session is still pending; and the absence from the halls of legislation of so large a proportion of members at this important period could not but prove detrimental to the public interest, and would deprive the respective constituencies which these members specially represent, of their valuable services. For the reasons, then, that the standing Committee on Public Buildings and Grounds possesses the full power intended to be delegated to these committees; that it is an unnecessary and extravagant waste of public moneys, and that it would be detrimental to the legislative interests of this Territory to mark absent on its roll call at the closing hours of its session and pending important legislation, so large a proportion of its members. I deem it my duty to refuse executive approval of Council Joint Resolution No. 3.

C. MEYER ZULICK,
Governor.

H. B. No. 44 was read second time and ordered engrossed.

H. B. No. 29 was read second time and ordered engrossed.

The following message was received from the Council:

Report of the Committee on Public Buildings and Grounds :

Mr. Speaker:—Your Committee on Public Buildings and Grounds respectfully report that they have examined the Insane Asylum and find the building in good order, except as follows, to-wit: The corrugated iron roof needs repairing and securing, and the doors and window frames are insecure, being loose on their fastenings. The gratings on the windows should be changed and so made as to be secure under lock and key, instead of being permanently fastened.

There should be an electric plant, so as to insure against possible danger from fire.

There should be an additional stairway cut in the rear of the building, to act as a fire-escape.

There are other minor repairs necessary, all of which are contained in the annexed communication of the superintendent of the asylum.

Particular attention is called to the defective sewerage of the asylum, all the refuse and garbage being carried into a hole upon the asylum grounds, from which it is pumped over the land. The effluvia arising from this sewage is very offensive, and endangers the health of the neighborhood. Much complaint is made of this nuisance, and unless abated legal steps will undoubtedly be taken by neighbors to enjoin it. Your committee especially recommend that the sewage

be conducted to the Salt river, a distance of $2\frac{1}{2}$ miles.

We recommend an appropriation of eight thousand dollars, as covering the necessary expenditures recommended in the annexed report of the superintendent and as contained in the recapitulation of said report, including repair of roof.

We commend the present and so far as we are informed, the past administration of the officers of the Asylum and express thanks for the courtesy extended to us by the officers of the Asylum.

Chairman.

The following reports were received from standing committees :

Mr. Speaker :—Your Committee on Public Expenditures, to whom was referred H. B. No. 131, beg leave to report that they have had the same under consideration, and that the same do pass.

J. J. CHATHAM,
Chairman.

Mr. Speaker :—Your Committee on Live Stock Interests, to which was referred H. B. No. 121, have duly considered the same, and offer the following amendment and recommend that it do pass.

J. ALLEN JOHNSON,
Chairman.

Mr. Speaker : -- Your Committee on Public Buildings and Grounds, to whom was referred H. B. No. 125, beg leave to return the same without recommendation.

J. S. O'BRIEN, Chairman.

To J. S. O'Brien, Chairman of Committee on Public Buildings and Grounds :

SIR :—Your sub-committee appointed to examine the books and vouchers of the Superintendent of the Territorial Prison, respectfully report that they have examined the same with as much care and attention as the short time at the disposal of the committee would permit of, and find the same correct and systematically kept. Respectfully submitted,

T. C. JORDAN,
J. C. JONES.

Mr. Speaker :—Your Committee on Public Buildings and Grounds respectfully report that they have subpoenaed the Superintendent of the Territorial Prison, with the books of the prison, and find, on examination of both, that the prison has been conducted economically and the contracts let justly under the law. We could find nothing to reflect on the management of said prison, but, on the contrary, find that the present management has done many commendable things, among others the building of a sewerage system by the Superintendent more cheaply than had been suggested by any offers or bids made to his predecessor or to himself. We recommend that one appropriation of ten thousand dollars be appropriated for building a water tank and placing a pumping plant, and suggest that an appropriation of five thousand dollars be made for building additional cells and for other purposes. We recommend the payment of expenses and mileage of the Superintendent of the prison subpoenaed here, to wit, the sum of \$94 20.

J. S. O'BRIEN,
Chairman.

Mr. Speaker :—Your Committee on Appropriations beg leave to report that they have had the matter of appropriations under consideration and report to the House, the accompanying bill; they also report that there have been several accounts presented to them, which accounts the majority of the committee

have refused to incorporate in the Appropriation Bill and instructed me to hand the said rejected accounts to the House for action thereon. Said rejected accounts accompany this report. We further report that it has been called to the attention of your Committee on Appropriations, that important tax suits are now pending and will be pending within the next two years before the Supreme Court of the United States, in which the Territory is largely interested, and your committee would recommend that an appropriation be made, such as may in the judgment of the House seem just and proper, to secure able counsel to represent the Territory in said tax suits before the Supreme Court.

GEO. H. STEVENS,
Chairman.

Mr. Stevens, chairman of the Committee on Appropriations, introduced H. B. No. 135 making Territorial appropriation

Executive Department, Office of the Governor, }
Phoenix, A. T., April 10, 1889. }

To the Honorable House of Representatives of the
Fifteenth Legislature of the Territory of Arizona:

Gentlemen:—I hereby return H. B. No. 43 without my approval or signature, for the reason that I am satisfied that the requirement of section 6, requiring

Yavapai and Apache counties to credit the proposed county of Coconino with the value of all their public buildings and other public improvements, would be a gross injustice to each of said counties, and for other good and sufficient reasons.

I have the honor to remain,

Very respectfully,

LEWIS WOLFLEY,

Governor.

H. B. No. 43 passed the House, notwithstanding the Governor's veto, by the following vote :

Ayes --- Chatham, Dailey, Hicks, Jones, Martin, Rhoades, Robbins, Rogers, Stanford, Tenney, Underwood, Wight---12.
